FIG. 9

The screenshot displays the 'Display Data By Monitor' window. At the top, it shows the 'Display Data By Monitor' title bar. Below the title bar, there are several status indicators: 'Ready Site Name: COPPER HILL #3', 'Date: 07/24/03', 'Time: 10:08:27', 'ID: 314534912', 'Data Date: 07/24/03', and 'Data Time: 10:08:27'. The main display area is divided into two sections. The left section shows a 'Monitor: Pressure' gauge for 'Gas' with a 'Max Pressure: 100 PSI' and a current reading of 17 PSI. The right section shows a 'Monitor: Pressure' gauge for 'Oil' with a 'Max Pressure: 100 PSI' and a current reading of 2 PSI. At the bottom, there are buttons for 'View Sensor', 'Exit', 'Display Test Info', and 'Print Test Info'.
